

Statement of Work

Mercy Encounter Submission Discovery and Assessment

This Statement of Work ("SOW") begins on the last signature date as set forth below ("SOW Effective Date") and is governed by the Subcontractor Services Agreement ("Agreement") executed between HealthTrixxs, Inc. ("HT") and Virtix Health, LLC ("VH"). All capitalized terms not defined in this SOW shall have the meanings set forth in the Agreement. The following terms and conditions are in addition to the terms and conditions in the Agreement. If these terms are inconsistent with the Agreement, these terms govern the provision of Services as listed in this SOW.

1. Project Overview and Objective

Engagement Model: Discovery and Assessment.

VH Client: Mercy Health ("Mercy") is the end customer for this SOW.

Project Objective: HT will conduct structured discovery sessions and related analysis to understand Mercy's current encounter submission process, operating model, and supporting technology stack. Based on that work, HT will produce a current-state assessment, identify gaps and risks, and provide one or more recommended future-state options ranging from incremental improvements to a broader process and technology redesign

2. Scope of Work (Subcontracted Services)

HT shall perform the following discovery and assessment services to evaluate Mercy's current encounter submission process and define future-state improvement options.

A. Discovery Planning and Kickoff

- Conduct a kickoff session with VH and Mercy to confirm objectives, scope, stakeholders, working cadence, and success criteria for the discovery phase.
- Develop and maintain a discovery workplan that identifies sessions, required participants, requested artifacts, and target dates.
- Confirm communication protocol, meeting logistics, and points of contact for coordination.

B. Discovery Sessions and Stakeholder Interviews

- HT will facilitate discovery discussions with stakeholders involved in encounter intake, validation, packaging, transmission, monitoring, reconciliation, and exception management.

- Document the current workflow across people, process, systems, and handoffs, including upstream and downstream dependencies.
- Review current roles and responsibilities (for example, operations, IT, vendor partners, and compliance stakeholders) relevant to encounter submissions.
- Capture known pain points, recurring errors, bottlenecks, manual workarounds, and throughput constraints.
- Discovery sessions will occur within the engagement timeline described in Section 7 and will be limited to the scope reasonably required to complete the discovery objectives described in this SOW.

C. Current-State Technical and Process Review

- Review the current encounter submission toolset and supporting components, including relevant applications, interfaces, file handling processes, job orchestration, logging, monitoring, and connectivity methods (for example SFTP and APIs) as made available by Mercy and/or VH.
- Review available documentation and training for customer-led operations, runbooks, mappings, layouts, validation rules, and operational reports provided for the current process.
- HT will review documentation and artifacts reasonably made available during the discovery engagement period.

D. Gap and Risk

- Identify process gaps, technical gaps, and operational risks in the current encounter submission process.
- Assess risks related to reliability, scalability, supportability, maintainability, monitoring, and dependency concentration.
- Assess implementation and transition risks that may affect future improvement or modernization efforts.
- Prioritize findings by severity and impact using a practical rating framework (for example High, Medium, Low) with narrative rationale.

E. Improvement Options and Recommendations

- Develop one or more response options to address identified gaps and risks, which may include incremental improvements, targeted redesign of components, or a broader end-to-end overhaul.
- For each option, provide a summary of scope, key assumptions, expected benefits, notable tradeoffs, key risks, sequencing considerations, and dependencies.
- Provide a rough order of magnitude (ROM) implementation estimate and indicative timeline range for each option. ROM estimates are planning-level only and non-binding unless included in a later signed implementation SOW.

F. Readout and Closeout

- Conduct a formal readout session with VH and Mercy to review findings, risks, and recommended options.
- Collect feedback on the draft assessment and incorporate one consolidated round of comments into the final deliverables.
- Provide a closeout summary with recommended next steps and decision points for a potential implementation phase.

3. Deliverables

- Discovery Workplan and session schedule (working document).
- Current-State Assessment Summary, including process overview, technology stack summary, and major findings.
- Gap and Risk Register, including prioritization and recommended mitigations.
- Future-State Options Summary (one or more options), including incremental and broader transformation paths, with ROM estimates and timeline ranges.
- Executive Readout materials and final recommendation summary.
- Deliverables may be provided in Microsoft Word, PowerPoint, spreadsheet, and/or PDF formats, as reasonably appropriate for the content.
- Deliverables produced under this SOW are advisory in nature and are intended to support evaluation and decision making. Deliverables do not constitute production ready specifications, operational guarantees, or implementation commitments.

4. Assumptions, Dependencies, and Client Responsibilities

- VH and Mercy will provide timely access to relevant stakeholders for interviews and workshops.
- VH and Mercy will provide access to reasonably available documentation and artifacts needed for discovery, such as process documents, layouts, mappings, sample reports, runbooks, and system context.
- Any technical review requiring system access will be coordinated in advance and may be read-only where applicable.
- Mercy remains responsible for the accuracy and completeness of source information and representations provided during discovery.
- Delays in stakeholder availability, artifact access, or decision-making may shift the discovery schedule and target delivery dates.
- HT will rely on information and documentation provided by VH and Mercy during the discovery engagement. HT will not independently verify the accuracy or completeness of such information and will not be responsible for errors or omissions resulting from incomplete or inaccurate information provided by VH or Mercy.

5. Out of Scope and Exclusions

- Software development, configuration changes, production support, or implementation services.
- Creation of a production submission engine or onboarding of plans.

- Formal code remediation, refactoring, or deployment activities.
- Penetration testing, formal security certification, legal opinion, or regulatory certification.
- Daily operations or manual submission execution.
- Detailed final implementation estimates suitable for contracting purposes beyond planning-level ROM estimates.

6. Data Security and Confidentiality

- The parties will comply with applicable confidentiality obligations under the Agreement.
- Discovery should be conducted using process information, architecture details, and sample or de-identified information whenever possible.
- If PHI access is necessary for discovery, access will be limited to the minimum necessary and handled in accordance with applicable security and privacy requirements and the Agreement. All PHI processing will occur in Mercy’s tenant.
- HT will not move PHI outside approved environments or channels provided by Mercy and/or VH.
- All work will be performed exclusively using appropriate technical and physical PHI safeguards.

7. Schedule and Delivery Timing

The discovery engagement is expected to be completed over approximately [2-6] weeks from kickoff, subject to stakeholder availability and timely access to required materials.

Phase	Description	Estimated Duration	Owner / Participants
Phase 0	Kickoff, workplan, and artifact request list	[2-4 business days]	HT, VH, Mercy
Phase 1	Discovery sessions and current-state review	[1-3 weeks]	HT, VH, Mercy SMEs
Phase 2	Assessment drafting and option development	[3-7 business days]	HT
Phase 3	Readout, feedback incorporation, and final delivery	[3-5 business days]	HT, VH, Mercy

Final dates will be confirmed after SOW execution and kickoff.

8. Financial Terms and Payment Schedule

The total project fee payable by VH to HT for the discovery and assessment services described in this SOW is **\$30,000**. Unless otherwise stated below, invoices are due net 30 days from the invoice date.

Milestone	Description	Invoice Trigger	Payment Amount
Milestone 1	Discovery kickoff and workplan launch	Upon SOW execution / kickoff	75%
Milestone 2	Draft assessment and options delivered	Delivery of draft findings/readout materials	15%
Milestone 3	Final deliverables and readout completed	Final assessment package delivered	10%

Decision Credit to Support Rapid Next Steps

If Mercy elects to proceed with an implementation or remediation engagement with VH and HT and Mercy executes a SOW or equivalent ordering document **within fourteen (14) calendar days** after completion of this discovery project, HT will provide a **\$15,000 credit** to VH to be applied against the fees of the follow on engagement. This credit is intended to support timely decision making and **expires automatically** at 11:59 PM Central Time on the fourteenth day following completion of the discovery and assessment services.

Dependencies and Timely Access

The milestone dates and delivery timelines assume Mercy provides timely access to required stakeholders, systems, documentation, and data needed to complete the discovery activities and validate findings. If access or resources are not provided in a timely manner, HT may adjust the schedule and milestone delivery dates accordingly.

Travel and Expenses

Optional travel, if requested and approved in writing, will be billed at actual cost without markup, or as otherwise agreed in writing.

Operational Relationship Ownership

For day-to-day coordination, VH will identify the Mercy relationship owner and operational point of contact, currently Kate McClure. This designation is administrative and does not modify the contractual obligations of the parties under this SOW.

9. Acceptance Criteria for Discovery Deliverables

- Deliverables are complete when HT has provided the deliverables listed in Section 3 in draft form and conducted the readout session.
- VH and Mercy will have seven (7) business days to provide one consolidated round of comments on draft deliverables.
- HT will address agreed comments and issue final deliverables.
- Discovery services are deemed accepted upon delivery of final deliverables or ten (10) business days after draft delivery if no comments are provided, whichever occurs first.

10. Change Control

- Any material modification to the scope, assumptions, schedule, or deliverables in this SOW must be agreed in writing by the parties.
- Requests to add implementation design, solution build work, additional deep technical analysis, or extra interview rounds beyond the agreed scope may require a separate change order or a new SOW.

11. Services Effective Period

HT will begin providing Services on the SOW Effective Date and continue until the services and deliverables described herein are completed, unless earlier terminated in accordance with the Agreement.

IN WITNESS WHEREOF, the undersigned have executed this Agreement as of the Effective Date.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, CorroHealth, Inc. (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact CorroHealth, Inc.:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To contact us by email send messages to: contracts@corrohealth.com

To advise CorroHealth, Inc. of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@corrohealth.com and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from CorroHealth, Inc.

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@corrohealth.com and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with CorroHealth, Inc.

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

- i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;
- ii. send us an email to contracts@corrohealth.com and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: <https://support.docusign.com/guides/signer-guide-signing-system-requirements>.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify CorroHealth, Inc. as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by CorroHealth, Inc. during the course of your relationship with CorroHealth, Inc..
